Dear Resident, Owner or Occupier,

Re: Welsh Government – Parc Cybi Border Control Post

We are writing to inform you that the 21-day community engagement period for the Welsh Government's proposals for a border control post at Parc Cybi, Holyhead has commenced.

The Welsh Government is seeking to develop Plot 9, Parc Cybi, Holyhead into a border control post to service the Port of Holyhead. The site is required because there is currently insufficient space within the port to process the future checks required following the end of the UK's transition period with the EU on 31 December 2020.

The site would be used as a location to inspect goods such as animals, plants and products of animal origin entering Wales via the Port of Holyhead. These checks are the responsibility of the Welsh Government. The site would include parking areas for HGVs and other vehicles as well as security measures and facilities to enable the checking of vehicles and goods entering and exiting the site.

The Welsh Government's proposed use of the site will require approval, which it is seeking under the requirements of a Special Development Order (SDO).
